

Two InDesign Trainings in ONE LOCATION!

Join Russell Viers in Lamar, Missouri!

InDesign For Absolute Beginners

Do you feel a little lost by InDesign?
Are you getting ready to convert from
QuarkXPress or PageMaker?
Are you new to computer pagination?

Adobe expert Russell Viers will show you the way.

This class assumes you know nothing about InDesign and starts at the very beginning.

The goal is to teach you the most basic concepts to you can begin building ads and editorial pages with success.

With the techniques taught in this class you'll be on your way to becoming an expert.

This class will move as slowly as the attendees need to master these techniques:

- *What is InDesign*
- *The Interface*
- *Creating a New Document*
- *Working with Text*
- *Placing and Sizing graphics*
- *Margins and Columns*
- *What is a template?*
- *Working with color*
- *Text Wrap*
- *Introduction to Styles*
- *Outputting your pages*

... and much more as time allows.

Thursday, March 31

9 a.m. to 4 p.m.

*Barton Co. Ambulance District Bldg.
Conference Room, 1100 Cherry St., Lamar*

Registration is just \$35

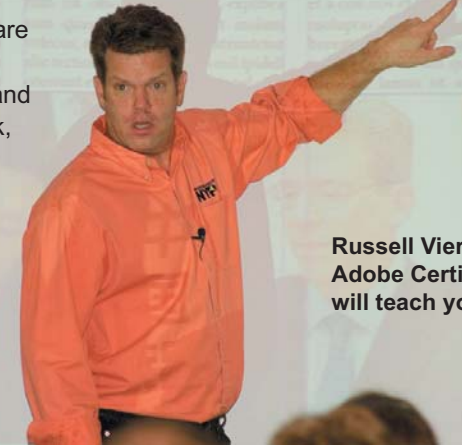

To register, contact the Missouri Press Foundation at 573-449-4167 or fax a registration form, available at www.mopress.com.

Build Your Newspaper Faster Using InDesign and Photoshop

You've had the software for years and you do the same thing over and over, week after week, thinking, "There must be a better way."

There is.

Russell Viers, International Adobe Certified Instructor, will teach you how.

Friday, April 1

9 a.m. to 4 p.m.

*Barton Co. Ambulance District Bldg.
Conference Room, 1100 Cherry St., Lamar*

Registration is just \$35

You'll learn tools and techniques in this workshop that could save you hours each week building pages and ads. Over the whole year that's significant, especially if you're paying overtime.

This is not just for users of CS4. Many of the features covered are available in many versions.

To register, contact Missouri Press Foundation at 573-449-4167 or fax a registration form, available at www.mopress.com.

Some of what you'll learn:

- *Building ads faster in InDesign*
- *Processing photos faster for best reproduction*
- *Building a template that cuts production time*
- *Building editorial pages faster in InDesign*
- *Automating mundane, repetitive work*
- *Using Word to format copy for InDesign*
- *Improved workflow ideas*
- *Mastering Styles for speed, consistency and quick editing*
- *Tapping into the power of Libraries and Snippets*
- *How InDesign's Data Merge could change your life*
- *GREP styles and how they cut editing time*
- *Editing copy faster through automation*
- *Using Bridge for faster photo handling*
- *Much, much more*
